

EGNSS Contest: finalists selected!

The first phase of the contest has been closed with the selection of finalist projects and ideas. The projects and participants accessing to the next stage of the contest are:

- Compact and energy-efficient satellite navigation system signals receiver for vehicles monitoring systems (Kyiv) – Dovhan Bohdan
- Development of the technology for miniature satellite navigation system (Kharkiv) - Breslavsky Dmytro
- Fuel Trans (Kyiv) – Abramov Dmytro

Selected finalists will present their proposals at the final stage of the Contest, where the 1st, 2nd and 3rd place will be awarded.

The final stage will be held at 14:30 (Kiev time) on the 17th of September, at the National Technical University of Ukraine (Kyiv).

Selected finalists will also be invited to participate in the Sikorsky Challenge 2015 Festival of Innovation Projects.
